

R E M A R K S

Reconsideration of this application, as amended, is respectfully requested.

THE SPECIFICATION

The specification has been to correct the informality at page 13, line 2, pointed out by the Examiner on page 2 of the Office Action.

In addition, the amendments to the abstract made in the Amendment filed on January 15, 2010, have been made again, and the amended abstract now begins on a separate page, as required by the Examiner.

No new matter has been added, and it is respectfully requested that the amendments to the specification be approved and entered, and that the objections to the specification be withdrawn.

ALLOWABLE SUBJECT MATTER

The Examiner's indication of the allowability of the subject matter of claims 31-33 and 36-38 is respectfully acknowledged.

Independent claims 30 and 35 have been amended to incorporate the allowable subject matter of (now canceled) claims 32 and 37, respectively. In amending claim 35, the word "precisely" in claim 37 has been deleted, in the same manner that the word

"precisely" was deleted from claim 32 in the Amendment filed on January 15, 2010.

No new matter has been added, and no new issues with respect to patentability have been raised.

Accordingly, it is respectfully requested that the amendments to the claims be approved and entered, and it is respectfully submitted that amended independent claims 30 and 35, and all of the claims respectively depending therefrom, are in condition for immediate allowance.
